

## Acorn Update: Friday 15<sup>th</sup> March 2024

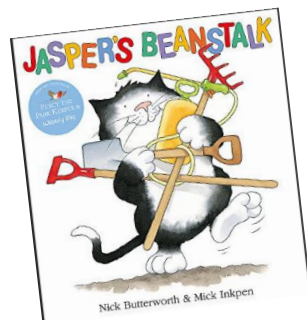

### Science week

This week has been National Science week with the theme of 'Time'. The Little Acorns have been consolidating their previous learning about seasons, days of the week and life cycles of both animals and plants. The children have enjoyed listening to lots of stories linked to these themes. These stories have sparked lots of talk and interest about the science theme of Time.

Sequencing the seasons, reading The Tiny Seed and planting Cress

Planting beans and watching them grow shoots and roots!

Today the Little Acorns enjoyed making seed bombs with Mrs Benjamin, so look out for some photos of these in next weeks update.

We wish you a Happy St. Patrick's day if you are celebrating today.

Have a good weekend everyway.

Ms Blake
