

**Beech Class Weekly Update 01.07.22**

What a busy week it's been! We began the week with lots of sporting activities in preparation for Sport's Day. We are super excited.

We discussed the details of our School Trip which we are all looking forward to.

In math's we were studying how to find a half and a quarter of shapes and amounts. We then solved problems to do with fractions.

In English, we have been focusing on including question marks, speech marks and contractions. Over the next couple of weeks, we are refining our story writing skills. So far, I am extremely impressed.

In science, we have been exploring materials in more detail. We investigated the friction of a range of materials. It was very hands on and super fun.

We ended our week with a wonderful music lesson inspired by the ocean!

Have a lovely weekend,

Ms. Keogh and Mrs. Coventry
