

Beech Class Weekly Update Friday 11th November 2022

What an active week it's been for Beech Class! We had a 'sending and receiving' PE session with Mrs. Gardener on Tuesday.

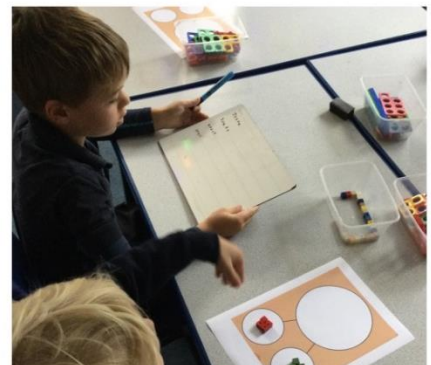

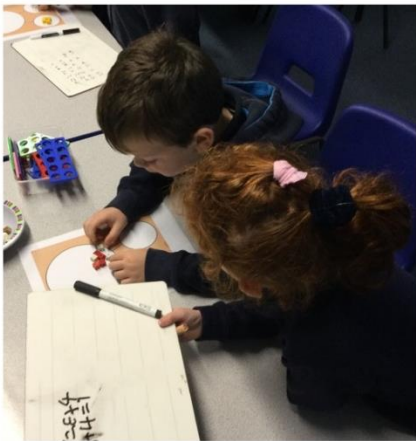

In math's we started our unit of addition and subtraction. We used part whole models to explain how we got our answers.

Week beginning 7.11.22
LI: I can add 2 groups to make a whole.

We also wrote a set of instructions on, 'How to look after a baby dragon.' We hope to share these with Acorn Class and give them (a toy) baby dragon to look after.

Have a lovely weekend,

Ms. Keogh
