Headteacher: **Ms Jane O'Sullivan**

Tuesday February 2nd 2016

Dear Parents,

Next week, the whole school will be taking part in a themed "Weather Week", when activities throughout the week will be linked to various aspects of weather. A wide range of curricular subjects will be applied to the weather theme through these activities in a practical way, and it will also be an opportunity for classes to collaborate with each other on a common theme.

Oak and Maple Classes will be engaged in an insulation project towards the end of the week, and for this we would very much appreciate as many contributions as possible of the following materials:

- Aluminium foil
- Cotton wool / scrap loft insulation material
- Fabric (of any variety - thick or thin, natural or manmade)
- Bubble wrap
- Any other material (flexible) which could be used for insulation.

Please note that we cannot return any contributions, as these will be used as part of a project. Please let me know if you have any questions or concerns. Thank you in advance for your help.

Best regards,

Carrick Cameron
Maple Class Teacher
