

Willow Class

Weekly Update- Friday 11th October

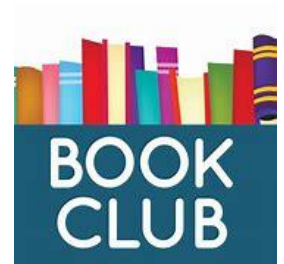

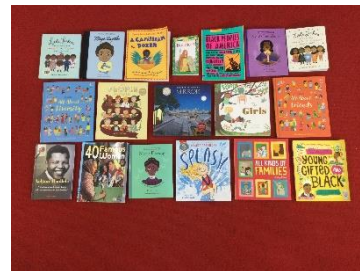

Maths

Their little brains have been busy this week. We have been learning how to calculate more or less than a given number and number lines! By the end of the week, we had some children working out 5 digit numbers. Not only have my lovely Willow's been able to work out more/less than a given number, but they have also been working hard when estimating where a number goes on a number line! Ask them about our start point, mid point and end point!

Another wonderful week with our 'Book Club'. To celebrate Diversity, we explored a range of books. This was amazing! As a class, we found out lots of interesting facts and information about some

very empowering people. The discussions that came from these books were just lovely! I was extremely impressed and proud of their maturity when asking questions about certain events.

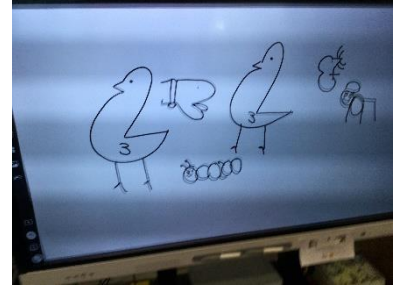

Thank You

A huge thank you to all our families that were able to come in and read this week. The children really enjoyed it!

Healthy Week and Wellbeing Week

We have had a lovely week celebrating 'healthy week' and 'wellbeing week'. Although this is something that is always valued daily in Willow Class.

We discussed things that make us smile... Drawing animals out of numbers came up A LOT, so of course we all had a go!

Meditation and calming time were firm favourites and something that is now included into our Willow routine, daily!

We had a 'healthy breakfast' on Tuesday. The children thoroughly enjoyed trying new fruits!

Our Kindness Wall- in Willow Class, we are one big family. We appreciate and value you everyone. Kindness is key.
