

## Willow Class

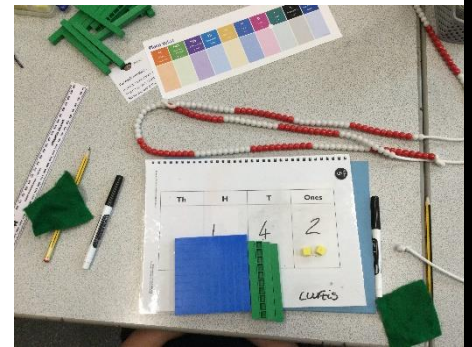

### **Weekly Update- Friday 15<sup>th</sup> September 2023**

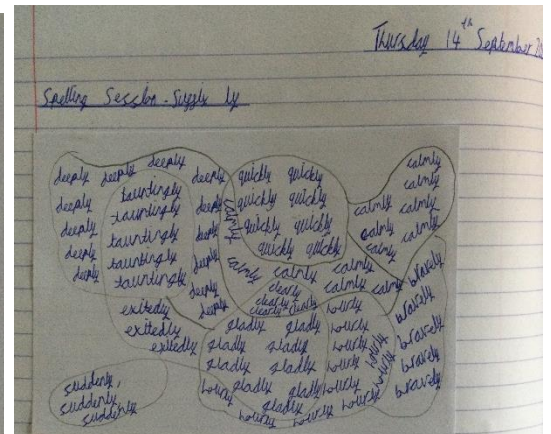

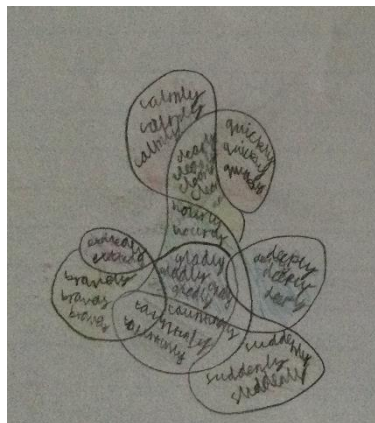

#### **Art Name Scribble!**

What a wonderful week we have had! The children have really immersed with our learning this week and we have had many enjoyable and exciting moments!

**Maths-** We are on the place value train in maths. I have been blown away by their motivation this week. We have been working hard on our mathematical language and being able to explain our answers and the mathematical process we went through. We have had a real focus on representing numbers this week. The children have been able to show this in many different ways.

**Super Spellings-** To help support and embed their weekly spellings, I also teach daily spelling sessions. Within these sessions, we learn about different spelling rules and patterns, practice them in lots of fun ways to help us remember and finally, discuss the etymology of the words too.

**To clear up any confusion, you will notice two sets of spellings on Willow's class page. Please only complete the spellings that I send home in the homework folder. (They do not need to do both)**

Humanities- We had the best lesson this week. We have been learning about 'Prehistoric Britain'. This is quite a tricky thing to learn about... Therefore, we decided to create our timeline using our bodies. This was great fun and by the end of the lesson, we were able to explain in detail about these important parts of history. Mrs O'Sullivan even came into our lesson to watch- she was VERY impressed!

# PREHISTORIC BRITAIN

We LOVE to read in Willow class, we do it daily and have daily reading sessions. Every Wednesday we take part in 'Book Club'. To celebrate Roald Dahl's birthday this week, we shared our favourite stories of his, looked at his books and read our favourite paragraph to each other. This was SO lovely! We can wait for next week's book club already...

*To all our family member that came in to read this week. It was greatly appreciated and the children thoroughly enjoyed it!*
