

Weekly Update
Friday 15th March 2024

HOMWORK

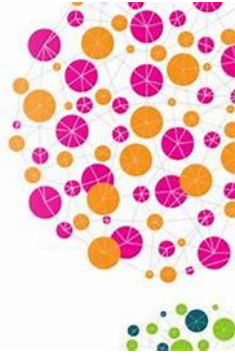

TOPIC HOMEWORK is due Monday 18th March. (This Monday) We are very excited to see your amazing, creative projects again. This time we will be celebrating in class!

We hope you all enjoyed your little 'forget me nots'- the children have been learning about plants in 'science'. We thought this would be a great idea for a 'cross curricular' opportunity. They enjoyed planting their little seeds and taking them home to their special ladies. The children have been keeping me up to date with how their little seeds are getting on. I would love to see any photos as they start to grow!

British Science Week- TIME

8-17 March
British
Science
Week
2024

"BEST WEEK EVER!"

"Can we do this every week?"

"I loved making our very own water clock timer"

"I can't wait to take my fossil home"
