Beech Class Update Friday 11th September 2026

We have had such a wonderful first full week in Year 1 and Year 2. The children have settled so well and have worked incredibly hard as they have become familiar with their new routines. We are so, so proud of them and all they have achieved this week!

We are also very excited to share that we have been developing our wonderful Beech outdoor area. The children have been enjoying exploring our sensory room, sand pit, mud kitchen and small world area.

Our gardening area is also beginning to take shape, and this week has involved lots and lots of digging! The children have loved getting stuck in and helping to develop this special space.

We are so excited to continue developing our outdoor area and creating even more wonderful opportunities for the children to explore, investigate and learn together.

What a fantastic first full week — we couldn't be prouder!

Here is a snippet from a Year 1 Mastering Number session:

Here are some of the numbers from our human numberline:

During our science lesson we learned about deciduous and evergreen trees. We chose the Oak Tree in our playground to observe over the coming months.
