

Beech Class Update 7th March 2026

World Book Day 2026 in Beech Class was all about finding joy and pleasure in reading. First we decorated 'table cloths' with our favourite books and characters. Then, we had a special WBD assembly. Next, we enjoyed some stories together. After that we had 'Books and Brunch.' The children enjoyed some sweet treats and shared stories with their friends. Later on, we built some reading dens with friends. These were simple activities, but the children loved them! I wonder if you could try some of these at home?

Our class text is *The Magic Faraway Tree*. This week one of the children made the Magic Faraway Tree out of Duplo. The Power of Play in developing learning... pure magic!

The children have been developing their gymnastics and ball skills in PE.

Last week, we had a clay workshop. Here are some snippets of the session. The children made pieces inspired by significant people in their lives. They loved working with the clay. Many of them said they found it quite relaxing!

Thank you for your continued support!

Mrs. Oliveira
