

## Beech Class Update Friday 1<sup>st</sup> May 2026

**Our caterpillars are growing healthily! By end of day on Friday, we had one chrysalis and a second one pending. We look forward to observing the changes that the weekend has brought!**

### Writing

We have been working on our second outcome in writing this week. We have been planning our own versions of Goldilocks and the 3 Bears. Some children planned their stories to have 3 puppies while another planned for 3 squirrels. We look forward to our Big Writing session on Monday!

### Maths

In maths we have continued to learn how to multiply and divide while also introducing the concept of telling the time. We have been having lots of discussions about the duration of different events to support our understanding of hours, minutes and seconds. This is something you could support at home.

### Science

This week we worked as scientists to classify materials into human made and natural categories. This prompted critical thinking and lots of curious questions.

### Key Dates:

Next week is Sun Awareness Week

Thursday 7<sup>th</sup> May KS1 Mult skills – please send your child to school in PE kit.

Monday 18<sup>th</sup> May Beech Forest School – please send your child to school in their forest school kit.

Thank you 😊

Mrs. Oliveira
