

## Beech Class Weekly Update

Friday 19<sup>th</sup> September 2025

**(Scroll down for lots of photos!!!)**

### **A little note:**

Spelling homework goes out every Friday in the children's reading diary. Please do your best to complete this and return it the same way by the following Thursday. We will do our best to look at this and return it to you. You can keep this safe at home to refer back to with your child at your leisure.

Math homework is on Purple Mash, they tend to be short tasks but please remember that you can access many other learning games and resources to do at any time if you wish.

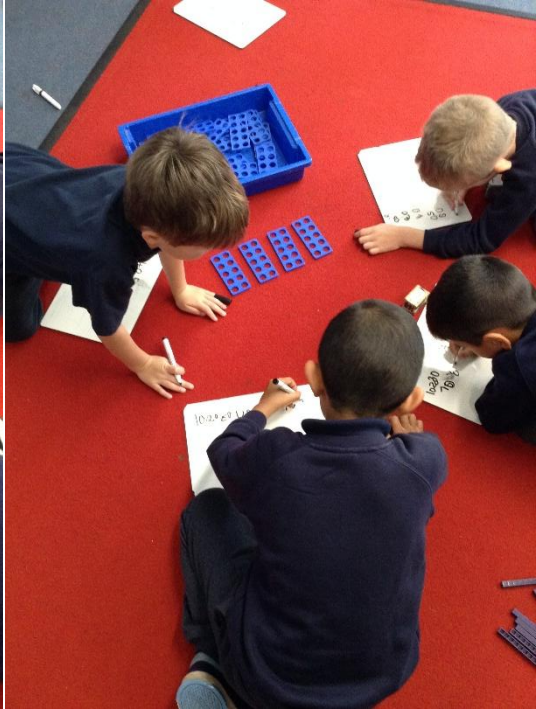

### **English:**

The Bog Baby Character Descriptions have begun! The children have transitioned into the roles as years 1s and year 2s so well. The years 1s are beginning to write short sentences some with support and some independently while the year 2s are now writing in paragraphs.

## Year 2 Maths: Place Value – Multiples of 10

# Year 1 Maths – Place Value: Composition of numbers up to 20

# History: Learning about castles, palaces and knights:

## PE – Dance: Counting Steps

## Coding Week

This week as part of coding week, we have been learning how to code by creating algorithms on Purple Mash. We also used the app: Rodocodo (which was also free). You may find that your child is more advanced than you in this area! They made so much progress in such a short space of time.
