*Please upload one example of your maths work onto Purple Mash so I can mark it and give feedback.  
Thank you 😊*

### **Topic: Forest school – this needs to be done before the English task:**

- For forest school today, go for a nature walk and look at the sky. Think about the sky and what it looks like today. Does it look different to other days or at different times of day? Look around and see if you can find your own 'nature treasures'. What makes them special to you? Make a collection of these to bring back with you for English.

### **English:**

- Write labels for the treasures you have found and place the labels next to the objects. Think about why they are treasures to you and choose a couple of items to write longer labels for explaining this (or ask an adult to help you with this).

**I hope you have a good day!**

*Take care*
