

Friday 20<sup>th</sup> March 2026

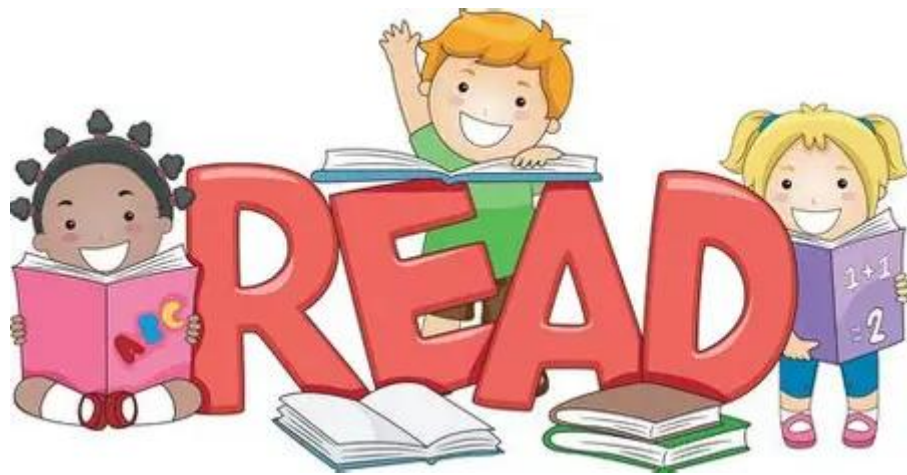

Following on from science week, the children have continued to observe the changes in the cress seeds under different conditions. Our not so scientific label that says, 'normal,' means the one we watered sensibly and kept in the window.

Music lessons with Mrs. Benjamin are very special.

This week, we explored beat and tempo. We also rehearsed our songs for the Easter service next week.

*Thank you for your continued support. I also want to say a special thank you for the teamwork with reading at home. The children in Beech Class are all reading consistently at home which is having a wonderful impact on their reading fluency and comprehension skills. This does not happen by accident!*

*Mrs. Oliveira*
