

Beech Class Weekly Update

Friday 28th February and Friday 7th March 2025

Maths: Subtraction

This week we focused on subtraction. I have set some subtraction tasks on Purple Mash. There are also lots of activities on there that you can access independently. Type, 'subtraction' into the search bar and you'll find lots of extra resources to access at home.

English: We have been reading non-chronological reports about rainforest creatures. We may or may not have spent some time researching pictures of baby sloths! How could we not?

Please do ask your child to share some factual information about sloths, green anacondas, capybaras and poison dart frogs with you!

Science: In science, we were learning about different types of habitats and the species that live in them. As a school, we are taking part in the RSPB Wild Challenge. On Thursday, Beech Class were, 'Habitat Explorers.'

PE: Dance

07.03.25 Art - Printing
