

Hot Spots

Grot Spots

We are the WOMBATS

We are your elected School Council. We have been around the school and asked for your views on the **Hot Spots** (the things we think are great), and the **Grot Spots** (the things we would like to change or improve).

Hot Spot

The rain forest area in Maple Class

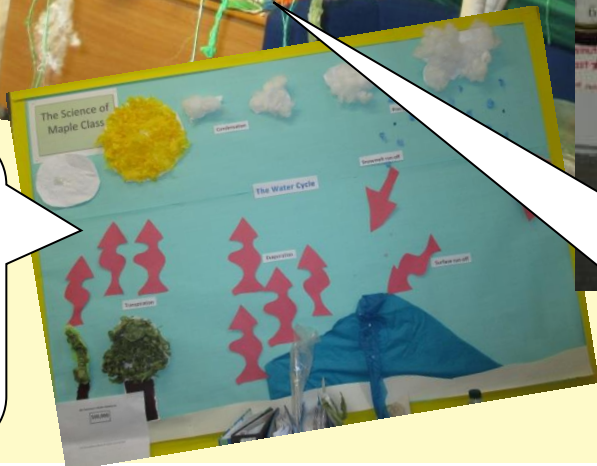

Grot Spot

This is a grot spot because the blue tack makes it look scruffy.

The science wall is a great example of the children's learning in Maple

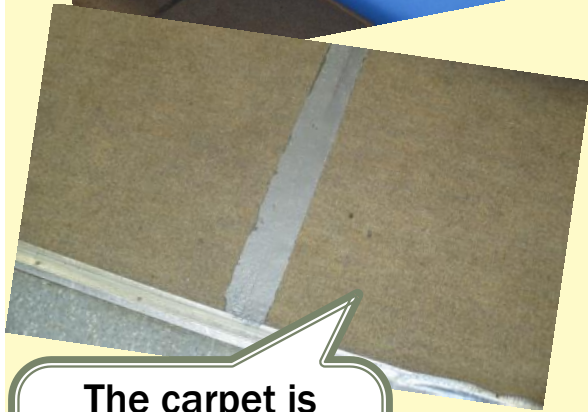

The rainforest display makes people who come in stare – its so amazing!

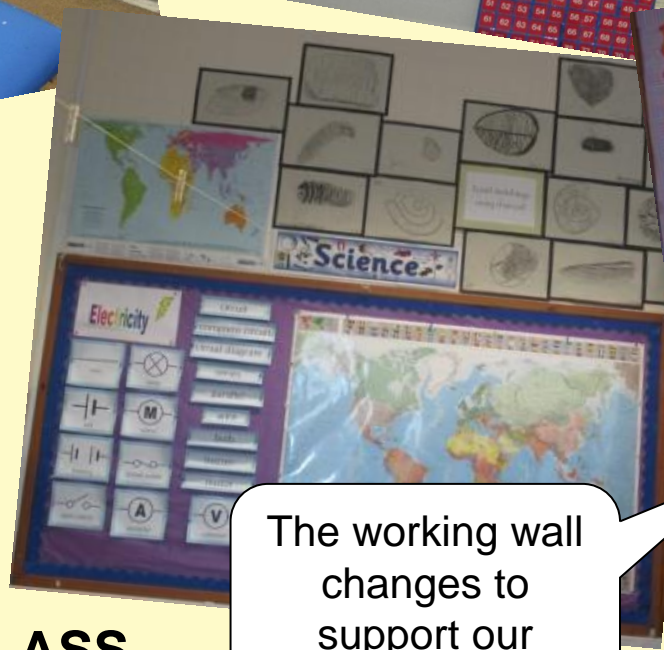

Grot Spot

We don't think we really need the benches here. They get in the way and we usually read at our tables.

We like having our work on display.

The carpet is stuck down with tape. We need a new one.

The working wall changes to support our current learning.

OAK CLASS

Hot Spot

Hot Spot

The India Display

The multi-cultural displays are good. You can learn from them.

All the children worked together to create this art work.

The table is no good for group work. It needs replacing.

The books get really untidy. We need some new ones

The book shelves in the library.

Hot Spot

We found it hard to pick specific hot spots for all of the displays are great

This was probably the only bad thing in the classroom. Keep it up

Hot Spot

I can still remember when the orchard use to be covered in nettles and weeds

The new markings in the playground are brilliant.

Grot Spot

The fence still needs replacing so we don't lose the balls.

The hinges on the storage box are missing.

The water fountain needs fixing and re-painting!

The rotten wood on the outdoor play equipment needs replacing too!

Grot Spot

The embroidered panel looks nice, but it doesn't have anything to do with our school now and the children who are here. It would be nice to make a new art work. Like it, but different.

The hall.

It's great to have our artwork up in the hall. We do need display boards to pin it to though.

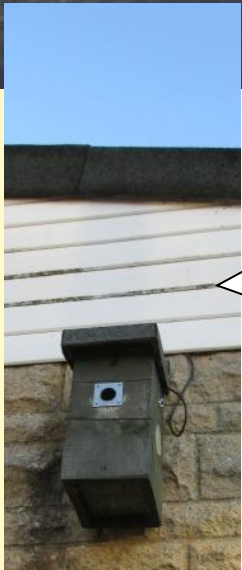

Hot Spot

The outdoor garden is a grot spot but it could be really good.

We think that if we put some sort of plant or flower in, it would brighten up our playground!

It would be really cool if we got the camera in the bird box working.

Grot Spot

Hot Spot

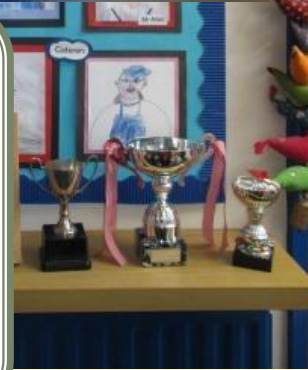

. We think these staff pictures are great because it lightens up the entrance.

This is great because it shows that our school is not just academic results

this value tree shows that people all around the school are trying hard with our term values.

This wall shows all of our support for charity and our school achievements.

Beech Class

This wall is fabulous because it shows that even our youngest pupils have very good artistic talents.

Hot Spot

Hot Spot

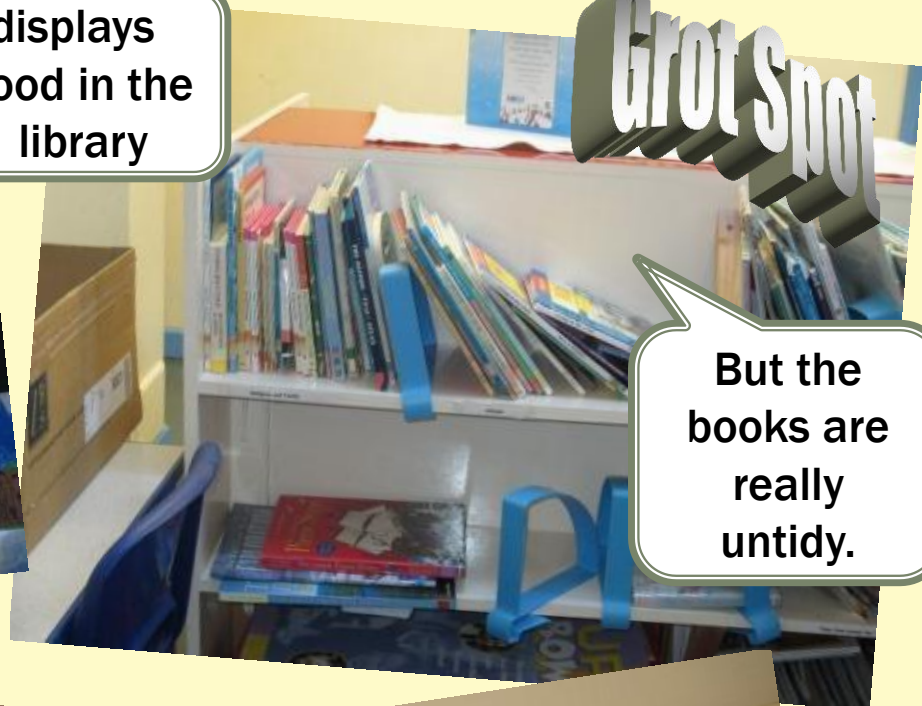

This book corner needs to look a bit more friendly and welcoming

Hot Spot

The displays look good in the KS1 library

Grot Spot

But the books are really untidy.

Acorn's book corner is lovely. You want to snuggle up and read there.

Some wall spaces look bleak and scruffy. They need painting and display boards.

Hot Spot

The big field. Now some of it has been levelled, it is really good for football and other sports.

The EYFS playground now it has been re-painted.

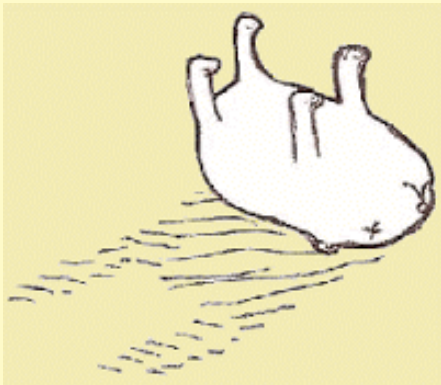

Cool Spot

The space outside Beech Class needs to be developed.

If you think we've got it wrong, or
you would like to tell us about
some more

Hot Spots or **Grot Spots**

please tell your class
representative.

Max and Jack - Chairpersons, WOMBATs School Council
