Light and Lenses

Topic Homework Project Ideas

- Create your very own 'Telescope'.
- Research into the Northern Lights and produce an information poster/leaflet/PowerPoint on your findings.
- Create and perform your own poem about 'light'.
- Photography- Can you capture different moments of light?
- What is light? Evidence your findings.
- Make your own shadow puppet and create your own shadow art.
- Research into the Southern Lights and produce an information poster/leaflet/PowerPoint on your findings.
- Create your own narrative- it must have an element of light in it.
- Research and create a timeline of some historical inventors/finders of 'light'.
- Art work- Create a piece of art work (Paint the Northern lights, sketch a candle)

DUE- Monday 7th December 2026
