

Week beginning 19<sup>th</sup> January 2026

### Some Beech Class Updates

In art, we have been working through our pathway on expressive painting. The children experimented with layering primary colours and mixing colours. We took lots of photos, but there seems to be a technical error with pasting them here today. I will make sure to include them as part of our newsletter contribution.

In maths, we learned about equal and unequal groups. We represented them using a range of concrete, pictorial and abstract representations before representing equal groups using a repeated addition expression. Soon year 2, will begin using multiplication expressions.

### *Updates and reminders:*

- *Homework will continue to go out every Friday and should be returned by the following Thursday.*
- *Please read at home as often as possible and keep a record in your child's reading journal.*
- *PE takes place on Tuesday and Wednesday afternoons.*

*Thank you for your continued support.*

*Mrs. Oliveira*
