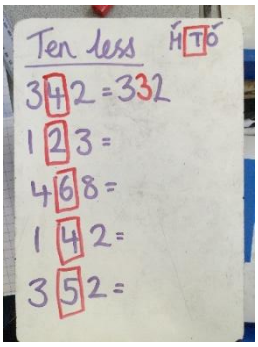
Willow Class

Weekly Update- Friday 18th September

Maths

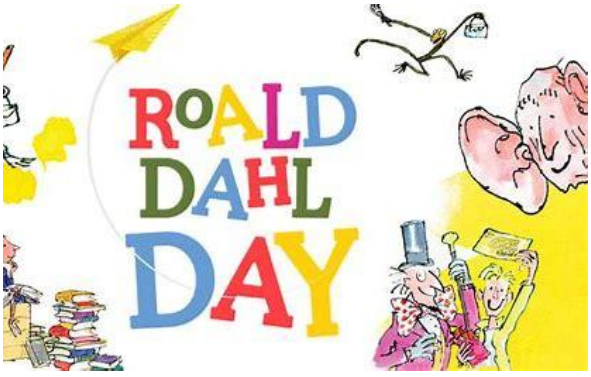


Their little brains have been busy this week. We have been learning how to calculate more or less than a given number and number lines! By the end of the week, we had some children working out 5 digit numbers. Not only have my lovely Willow's been able to work out more/less than a given number, but they have also been working hard with our mastering number- ask them about our new hand action to support our learning!

DT- We are really enjoying our DT this term. We have started to design our very drums!

Book Club

The children couldn't wait for book club this week- they absolutely love it. This week we celebrated Roald Dahl day by looking, reading and exploring a range of his books!



Please can I ask that all items of clothing are labelled- we have lost many jumpers and cardigans this week. Thank you in advance.

Have a lovely weekend,

Mrs Davies and the Willow Class Team x
