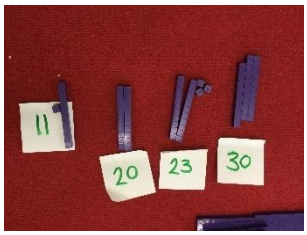
Willow Class

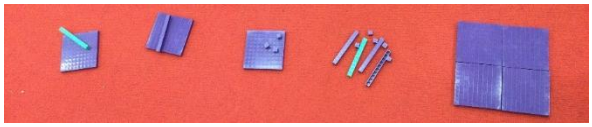
Friday 25th September 2026

Maths We have been working extremely hard in maths this week. We are still on our place value train and have been exploring the following themes.

- Ordering numbers
- Comparing numbers

[Comparing numbers with four digits - Maths - Learning with BBC Bitesize]





We have also been working hard on our 'Mastering Number'- we do this before our maths lesson everyday- WE LOVE IT!

Who can remember? What did we notice about all the product for these doubles?

Multiplication equation
2 × 1 = 2
2 × 2 = 4
2 × 3 = 6
2 × 4 = 8
2 × 5 = 10

Literacy- We are VERY excited to announce that our 'Wish Granter' explanations are now **finished!** The children have been working extremely hard on drafting and editing their writing. First piece of writing- COMPLETE!

Some writing examples... (One proud teacher!)

Have you ever imagined a machine that grants wishes? At the heart of this incredible invention lies an enchanting old stone fountain. The fountain sits proudly at the top, cleverly disguising the magical device that resides beneath it.

As you approach the fountain, you will notice a long, narrow tube that snakes downwards. This tube is just wide enough to fit a shiny coin.

To use the wish granter, one must express their deepest desire clearly. After your wish is made, you wait eagerly and attentively, hoping that your dream will soon become reality

We are very lucky to be working with Youth Activators again this year. They are absolutely brilliant and the children love doing their weekly sessions with them!

Willow Class Reminders/Events

- PE days are Tuesday and Fridays- children need to come into school wearing PE kits and a **spare pair of shoes.**
- Swimming- We do not start swimming until JANUARY
- Thursday 1st October- Author Visit (See separate letter)

Have a wonderful weekend, ENJOY!
Mrs Davies and the Willow Class Team x
